

[12th March 1964]

APPENDIX.

[*Vide Answer to Starred Question No. 236 on page 365.*]**Proceedings of the Board of Revenue No. 324, dated 9th December 1910.****READ**—the following paper:—

Letter from R. A. Jenkins, Esq., B.A., I.C.S., Acting Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, dated 1st November 1910, Ref. No. on C. 839/Petrn.

[Requesting instructions whether the revision of village establishments may be taken up as each taluk is resettled.]

Resolution—No. 324, dated 9th December 1910.

After every resettlement, Collectors should consider the necessity for a revision of village establishment with reference to the actual population and new beriz of the villages. In framing proposals for the revision, the following instructions should be observed. Proposals should be submitted for each taluk as soon as its resettlement is completed.

2. *Clubbing of villages.*—The rules to be observed in clubbing or subdividing villages are those framed under clause (i) of section 20 of Madras Act III of 1895 and printed at page 372 of the Board's Standing Order, Volume III—(1) The distance limit of $1\frac{1}{2}$ miles prescribed by rule 1 applies only to the formation of munsifs' (headmen's) charges. (2) A karnam's group may comprise two or more munsifs' (headmen's) charges or survey villages. (3) A survey village may be split up into two or more munsifs' (headmen's) charge when there are hamlets of importance situated at a distance of more than $1\frac{1}{2}$ miles from the parent village. (4) Uninhabited villages should be clubbed with the neighbouring inhabited villages as far as possible. (5) The most important village of the group, taking both revenue and population into consideration, should as a rule be selected as the residence of the village officers. (6) The sub-division of survey villages to form karnam's charges should not be proposed after the completion of resurvey, as it is likely to lead to much confusion, and the preparation of fresh settlement registers and maps may be necessary.

3. *Scale of establishment.*—The following scale should be adopted as a general rule:—

Grade of beriz.	Karnam's pay.		Munsif's (headmen's) pay.		Number of villages at Rs. 4 each per mensem.	
	Rs.	Rs.	Rs.	Rs.	Rs.	

(1)	(2)	(3)	(4)
Under Rs. 2,000	8	5	1
Rupees 2,000 and under Rs. 4,000	8	6	2
Rupees 4,000 and under Rs. 8,000	10	7	3
Rupees 8,000 and under Rs. 12,000	12	8	4
Rupees 12,000 and under Rs. 16,000	15	10	4
Rupees 16,000 and upwards

12th March 1964]

4. *Talayaris*—

Number

For groups having a population between	200 and 1,500	..	1
For groups having a population between	1,500 and 3,000	..	2
For groups having a population between	3,000 and 4,500	..	3
For groups having a population of more than	4,500	..	4

Additional talayaris may be proposed for village police duties wherever the number allowed by the scale is considered insufficient. The District Superintendent of Police should be consulted on this subject and the fact that this has been done should be stated.

5. *The assistant karnams and monigars*.—The pay of assistant karnams should be fixed at Rs. 8 in accordance with the orders of Government, communicated with Board's Proceedings No. 136, dated 22nd June 1901. As a rule, assistant karnams will only be allowed for village which have a beriz of not less than Rs. 8,000 and in which the work is too heavy for a single karnam. Collectors may propose an additional assistant karnam when they are satisfied that the work of a group is too heavy to be managed by a single karnam and an assistant karnam. In similar circumstances, monigars on Rs. 5 will be appointed to help munsifs (headmen) in the collection of revenue.

6. *Nirgantis*.—The following is the general scale:—Number of
nirgantis.

For each work irrigation 200 acres or under	500	..	1
For each work irrigation 500 acres or under	1,000	..	2
For each work irrigation 1,000 acres over.	3

The necessity for any proposed deviations from the prescribed scale of establishment should be fully explained.

7. *Proposition statements and sketches*.—Proposals should be submitted in the form appended to the proceedings. Hamlets should be shown in the proposition statement, as well as the main villages, with particulars of their beriz and population and their distance from the munsif's (headmen's) headquarters, which should be indicated by the letter 'C'. If there is no accurate information as to the revenue or population of the hamlets, approximate figures should be furnished; the demand of each village at the resettlement rates including the estimated average tirwajasti and faslijasti calculated on the best data obtainable should be taken as the revenue of the village. A sketch map of each taluk should be furnished showing the sites of villages and of their hamlets with the boundaries of karnams' and munsifs' (headmen's) charges marked in different colours. A separate statement should be submitted in regard to nirgantis showing the serial number of each group, the name of each irrigation source, the average extent of irrigation under it for the previous three years and number of nirgantis proposed for it.

[12th March 1964]

8. An abstract proposition statement in the form enclosed should also be submitted with a certificate from the Treasury Officer that the entries in the column headed "present Scale" have been verified.

APPENDIX.

*Statement showing the proposals for the revision of village**establishment in the**taluk and**district.*

Karnam's group number.	Map number.	Names of villages and hamlets constituting each group.	Munsif's group number.	Number of hamlets at the survey.

N.B.—The total of the other taluks in the district should be shown in lump.

[12th March 1964]

Proceedings of the Board of Revenue (Settlement of Estates),
Rout No. 1515, dated 31st July 1951.

Memorandum No. 32493-J/49-1, Revenue, dated 14th June 1952.

Order—No. 387, Revenue, dated 11th February 1952.

The Government have examined the position of village officers working in the estates and the emoluments to be paid to them after the Estates (Abolition and Conversion into Ryotwari) Act, 1948. In that connection, the following proposals were considered:—

(i) Giving time to unqualified village officers in estates to acquire full qualification required for the posts;

(ii) revision of salaries of the village officers in the estates taken over by the Government at the rates admissible to the village officers in regular ryotwari villages;

(iii) revision of the strength of the village establishments in the abolished estates with reference to the land revenue collections to be made under the Abolition Act.

The Government pass the following orders on the abovementioned proposals:—

Proposal (i).—The village officers in the abolished estates who have not acquired the prescribed qualifications to hold such posts in ryotwari areas should be allowed three years time from the date of taking over of the estates, for acquiring the prescribed qualifications.

Proposal (ii).—The salaries of the village officers in the estates taken over by the Government should be refixed temporarily with reference to the land revenue collected under section 23 of the Madras Act XXVI of 1948, after the expiry of one fasli year from the date of the abolition of the estate.

Proposal (iii).—In Government Memorandum No. 32493-JM/49-70, Revenue, dated 15th March 1951, the Board of Revenue was asked to furnish the approximate extra cost involved in the proposal. Orders will be passed after the receipt of the Board's report in the matter.

2. The Board of Revenue is requested to take action accordingly.

(By order of the Governor.)

Resolution—Rout. No. 1059, 19th February 1952.

Recorded.
